It is understood that as a result the committee will advise that no action be taken on the article.

February 7, 1945

After having been informed by me that the condition most bitterly complained of at the Mt. Pleasant Cemetery had been satisfactorily taken care of, the signers of the petition calling for an investigation at the above named cemetery and stating that their only interest and motive was in good government in Town affairs, respectfully request that they be given permission to withdraw their petition.

Respectfully submitted,
for them,
SYLVESTER A. KEANEY
Cemetery Commissioner.

Lt.-Commander Robert C. Strong, Jr., One of Released Prisoners. Nuns of St. Anne's among Freed Internees. Many Arlington Men Take Part in Campaign.

The conquest of Manila with the liberation of war prisoners and internees has brought special joy to Arlington people. Mrs. Robert C. Strong of 48 Irving street and her four sons rejoice over the news, received in a telegram from the Navy Department, that her husband and their father, Lt. Commander Strong, had been released from a prison camp.

Mrs. Strong, who with the children had been in the Philippines until shortly before Pearl Harbor, had just received a card signed by her husband, dated July 10, from the Nueva Ecija prison camp on Luzon, saying, "Don't worry about me because I'm all right." An officer who has returned has told her that he saw her husband in June and that he was in good health. However, she is awaiting anxiously word from the Navy Department by whom she has been assured of news as soon as it reaches them.

Before his assignment to Cavite, where he was in command of the receiving station in the year before Pearl Harbor, Commander Strong was communications officer of the famed cruiser Marblehead. At the bombing of Cavite December 8, 1941, he escaped to Corregidor. He was one of the few chosen for a mission to Cebu to obtain supplies landed in secret by submarine. He was taken prisoner by the Japs early in 1942.

Since then, his family has heard six times from the 1922 Annapolis graduate, four cards with typewritten signatures, two in his own handwriting. His oldest son, Robert C. Strong, 34, 16, follows his father in the tradition of the sea as a student at Tabor Academy, Marion. A second son, Francis M., 15, is a student at Arlington High School, while the twin boys, George and James, 11, attend the Parmenter School.

St. Anne's Nuns Liberated
St. Anne's School, 18 Claremont avenue there is also rejoicing, because among those released from internment were four nuns from the convent. They had been missionaries in China and when they were forced to leave that country went to the Philippines to work among the Chinese there. Since then one letter has been received from them at the convent. Two weeks ago two cards came, each containing twenty-five words. The cards were written last March and April. They are headed by Mother Ursula, who was Miss Hazel Alden of Dorchester. She was a member of St. Anne's Church, Dorchester, before entering the order at Arlington Heights.

The others were Sister Anita, a native of China, who was in civil life Miss Anita Boone, the granddaughter of the first Episcopal Bishop of China, the niece of the second bishop and the daughter of one of the great pioneer doctors of Shanghai, Sister Augusta, who was Miss Olga Augusta Morrissey of Medford, and Sister Isabelle, who was Miss Isabelle Garnett.

Interest in the Philippine campaign is further heightened here by the news from Arlington men who have taken part in it.

LIEUT. PARKINS DIES IN BELGIUM

The War Department has announced the death of 2nd Lt. Robert E. Parkins, son of Mr. and Mrs. William J. Parkins of 224 Massachusetts avenue. Lt. Parkins died in Belgium on January 7th as a result of wounds received in action several days earlier.

He enlisted in the Army in June, 1943, at which time he was attending the University of Pittsburgh. He received his basic training at Fort Eustis, Va., and later attended OTC at Ft. Benning, Ga., and graduated as a 2nd Lt. in September, 1944. After a short tour of duty at Fort Jackson, S. C., he was sent overseas in December.

Lt. Parkins was born in Arlington in 1923. In addition to his parents he is survived by a younger brother, William.

Mooneys Receive Son's Silver Star

Mr. and Mrs. Martin F. Mooney of 76 Allen street received a pleasant surprise yesterday morning when there was delivered to them the Silver Star which had been awarded their son, First Lieutenant William C. Mooney.

Lt. Mooney—a second lieutenant at the time he received the award—had been carrying the medal around with him for a year before he found a comrade coming to the vicinity of Arlington. He entrusted it to him to give to his parents for safe keeping.

The citation which Lt. Mooney mailed home reads as follows: "William C. Mooney, 1295-249, 2nd Lieutenant, Company 'L', Infantry Regiment, For gallantry in action. While commanding a small motorized patrol preceding the 3rd Battalion, Infantry, near St. Sily, July 1943, Lieutenant Mooney surprised the enemy engaged in laying a mine field. By quickly commanding the assistance of a Cannon Company half-track, he disposed of all the enemy, with the exception of one machine gun 300 yards to his front. Directing his patrol to surround the machine gun, he crawled 150 yards around the crest of a hill through 15 minutes of furious enemy machine gun fire which was striking within five feet of his position from the rear." Steal Infantile Boxes

Three of the boxes placed in Arlington stores to receive contributions to the Infantile Paralysis Foundation have been stolen. W. Dale Barker, Arlington chairman of the "March of Dimes", has discovered that two were taken from the A. & P. store at 285 Massachusetts avenue and one from the Economy Store at 483 Massachusetts avenue. Though the drive has been extended nationally, Mr. Barker has announced that it will close in Arlington this week and that he will announce the receipts next week.

By-Law Changes Planned to Bring Zoning Up to Date

Planning Board Prepares for Post-War Building Boom. Creates Zoning Appeal Board. To Be Acted on at March Town Meeting.

The Zoning By-Law Amendment on which action will be taken at the March Town Meeting and which is printed on pages 2, 3 and 4 of this issue, is designed to bring Arlington's zoning laws up to date. The present law, says Chairman Harold A. Knight of the Planning Board, is antiquated. Since its acceptance in 1934, great strides have been made in town planning. After the war there will doubtless be a building boom, for which the town must be prepared.

Few changes have been made, says Chairman Knight, in the zoning map, a copy of which appears on page 3. In fact, the single and general residence districts, A and B, remain as they were. The business district is now divided into two parts in one of which B—at the Center—five-story buildings are permitted, while in the other (A) only two-story buildings may be built. The chief changes in the by-law are those designed to give greater control.

There is created a Zoning Board of Appeals to which any person aggrieved by the refusal of the building inspector to issue a license on the ground of non-compliance with the Zoning By-Law may refer his difficulty. Hearings on such grievances must be open to the public.

The Board of Appeals, to be appointed by the Selectmen, is to consist of three members, one of whom must be an attorney-at-law and one, either a professional architect or a registered civil engineer. Two associate members are also to be appointed to act in the absence of regular members. Serving with Mr. Knight on the Planning Board are Charles By-Lawyer, secretary; Herbert M. Dutcher, Serovp Basmajian, and Frank L. Lincoln.

Chairman Granted Land For Victory Gardens

*At their Monday evening meeting the Selectmen granted to Mrs. Leroy G. Shaw of 56 Overlook road, chairman of Arlington Victory Gardens, use of town owned land and also land owned by the Metropolitan District Commission for gardens. The Selectmen congratulated Mrs. Shaw on the success of the gardens in the past and expressed their appreciation of her efforts.

Yesterday morning the sled on which she was riding was hit in front of 36 Dundee road by an auto driven by Wilbur T. Nelson of that address. The child was taken to the hospital in the ambulance. The child's mother was with her at the time of the accident.

AMENDMENT TO ZONING BY-LAW FOR ARLINGTON, MASSACHUSETTS.

Districts

Section 1. Establishment of Districts

For the purposes of this by-law, the Town of Arlington is hereby divided into districts of six classes, to be known as:

1. Residence A Districts
2. Residence B Districts
3. Residence C Districts
4. Business A Districts
5. Business B Districts
6. Industrial Districts

Said districts are as shown, defined and bounded on the Map accompanying this by-law, entitled "Town of Arlington, Massachusetts, Zoning Map, Prepared Under the Direction of the Planning Board", dated March 1945, signed by the said Board, or as thereafter amended, and on file with the Town Clerk. Said Map and all explanatory matter thereon are hereby made a part of this by-law.

Section 1-A. District Boundaries

The location of the boundary lines of the districts shown upon the Zoning Map shall be determined as follows:

1. Where the boundary lines are shown upon said map within the street lines of public or private ways, the center lines of such ways shall be the boundary lines.
2. Where the boundary lines are shown approximately on the location of property or lot lines, and the exact location of property, lot or boundary lines is not indicated by means of figures, then the property or lot lines shall be the boundary lines.
3. Boundary lines located outside of such street lines and shown approximately parallel thereto shall be regarded as parallel to such street lines, and figures placed upon said map between such boundary lines and street lines are the distances in feet of such boundary lines from such street lines, such distances being measured at right angles to such street lines unless otherwise indicated.
4. In all cases which are not covered by the other provisions of this Section, the location of boundary lines shall be determined by the distance in feet, if given, from other lines upon said map, or, if distances are not given, then by the scale of said map.

5. Whenever any uncertainty exists as to the exact location of a boundary line, the location of such line shall be determined by the Inspector of Buildings, provided, however, that any person aggrieved by his decision may appeal to the Zoning Board of Appeals, as provided in Section 4.

Administration and Enforcement

Section 2. Enforcement

1. This by-law shall be enforced by the Inspector of Buildings appointed under the building code of the Town of Arlington, and no permit shall be granted for the construction, alteration, re-location or use of any building or structure, if the building or structure as constructed, altered, re-located or used would be in violation of any provision of this by-law. Whenever such permit or license is refused because of some provisions of this by-law, the reason therefor shall be clearly stated in writing.

2. If the Inspector of Buildings shall be informed, or have reason to believe, that any provision of this by-law has been, is being or may be violated, he shall make or cause to be made an investigation of the facts and inspect the property where the violation may exist. If he shall find any such violation he shall give notice thereof in writing to the owner or to his duly authorized agent and to the occupant of the premises, and order that any use of any building contrary to the provisions of this by-law shall immediately cease.

3. If, after such notice, the premises are continued to be used in a manner contrary to the provisions of this by-law, or if any such owner or occupant shall fail to obey any lawful order of the Inspector of Buildings in respect to any violation or use contrary to the provisions of this by-law, the Inspector of Buildings with the approval of the Board of Selectmen may, and if required by them shall, institute appropriate legal proceedings to enforce the provisions of this by-law or to restrain by injunction any violation thereof, or both, and shall do all further acts, revoke the permit for occupancy, institute and take any and all such action as may be necessary to enforce the provisions of this by-law.

Section 3. Occupancy Permit

1. No building hereafter erected, altered or re-located shall be used, and no change shall be made of the use of any building or of any parcel of land, unless an occupancy permit signed by the Inspector of Buildings has been granted to the owner or occupant of such land or building. Such permit shall not be granted unless the proposed use of the land and building and all accessory uses comply in all respects with this by-law and no use

shall be made of such land or building that is not authorized by such occupancy permit.

Section 4. Zoning Board of Appeals

1. A Zoning Board of Appeals is hereby established, to consist of three members to be appointed by the Board of Selectmen. All members of said Zoning Board shall be residents of the Town of Arlington, and one member shall be an Attorney-at-Law, and at least one of the remaining members shall be a registered and professional architect or a registered civil engineer. The appointments first made shall be for the term of one, two, and three years respectively, so that the terms of one member shall expire each year. All subsequent appointments shall be for the term of three years. When the appointments are first made the Board of Selectmen shall also appoint two associate members for the term of two years each, such associate membership to be appointed every second year. No member shall act in any case in which he shall be interested, and in case any member or members shall be so disqualified, or because of absence from the town, or any other cause, he or they shall be unable to act, the remaining member or members shall, in a written statement, filed with the secretary, so certify, and name an associate member or members to act upon the particular matter. Whenever said associate member or members shall serve, he or they shall have all the powers conferred upon a regular member. If two or more members are absent or disqualified, the Board of Selectmen may appoint substitutes to act during such absence or disqualification. The said Zoning Board of Appeals shall organize yearly, choosing a chairman and a secretary.

2. The Board shall adopt rules, not inconsistent with the provisions of the by-laws of the Town, for conducting its business and otherwise carrying out the purposes of the Zoning by-laws. Meetings of the Board shall be held at the call of the chairman, and also when called in such manner as the board shall determine in its rules. Such chairman, or in his absence, the acting chairman, may administer oaths, summon witnesses and call for the production of papers. All hearings of the board shall be open to the public. The board shall cause to be made a detailed record of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and setting forth clearly the reason or reasons for its decisions, and of its other official actions, copies of all of which shall be immediately filed in the office of the town clerk and shall be a public record, and notice of decisions shall be mailed forthwith to parties in interest as hereinafter designated.

3. Any person aggrieved by the refusal of the Inspector of Buildings to issue a permit or license on the grounds of non-compliance with the Zoning by-laws may appeal to the Zoning

Board of Appeals as provided in Chapter 40 of the General Laws any amendments thereto.

4. No appeal or petition and no application for a special exception to the terms of this by-law which has been unfavorably acted upon shall be considered by the Zoning Board of Appeals within two years after the date of such unfavorable action except with the consent of all the members of the Planning Board.

5. Any person or persons desiring to obtain the permission of the Zoning Board of Appeals for any purpose for which such permission is required under the provisions of this by-law shall make application in writing therefor to the Zoning Board of Appeals which shall, within a reasonable time, hold a public hearing thereon, seven days' public notice of which shall be given.

6. The Zoning Board of Appeals shall also, at least ten days prior to the hearing, send or deliver written notice to all the owners of real estate opposite to or abutting on the property in connection with which any permission is sought, and to such others as the Zoning Board of Appeals may order or by regulation prescribe, and shall, at least ten days before the hearing, post a notice of the hearing upon the property in a conspicuous location, adjacent to a street on which the property is situated, stating the nature of the petition in connection with which permission is sought. A copy of this notice shall be posted on the Bulletin Board at the Town Hall.

7. In the case of an appeal involving a change in use of land or building the Zoning Board of Appeals shall hold a joint meeting with the Planning Board to discuss the matter, preferably before the date of the public hearing or in any event before final action is taken by the Zoning Board of Appeals.

Section 4-A. Exceptions and Variances.

1. The Zoning Board of Appeals may on petition, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the by-law in harmony with its general purpose and intent, in the following cases:

- (a) It may permit in a Residence A District the alteration of a single family dwelling as a residence for not more than two families, provided that the external appearance of a single family dwelling be retained so far as reasonably practical.
- (b) It may permit in a Residence A District or B District a hospital, sanitarium or other medical institution.
- (c) It may permit the rebuilding, repair or extension of a non-conforming use as provided in Section 7, Paragraph 3.

2. The Zoning Board of Appeals may also authorize variances in particular cases as provided in Section 30 to 30A of Chapter 40 of the General Laws or acts in amendment thereof and in addition thereto. The grant of such variances may be of indefinite duration, or for periods not exceeding one year. Such temporary grants of variances may be renewed from time to time, except that in the case of a new building or of an addition to an existing building, the aggregate of the periods covered by such temporary grants and the extensions thereof shall not exceed two years.

Section 5. Amendments

1. A copy of every petition for the amendment, modification or repeal of this by-law, including the Zoning Map and the boundary lines of the districts thereon, and of every article submitted or to be submitted to the Selectmen for insertion in the warrant for any Town Meeting relating to any such amendment, modification or repeal, shall be filed with the Planning Board on or before the date when such article is submitted to the Selectmen for insertion in the warrant.

2. The Planning Board, upon the request in writing of not less than ten registered voters of the Town shall, or upon its own initiative may, hold a public hearing for the consideration of any proposed amendment, modification or repeal of this by-law and shall report to the Town Meeting its recommendations with respect to the action to be taken thereon. Notice of such hearing shall be given by publication in a newspaper of general circulation in the town, the first publication to be not less than twenty days before the date assigned for the hearing.

3. No action shall be taken at any Town Meeting upon any proposed amendment, modification or repeal of this by-law unless a public hearing has been held thereon in the manner prescribed in the preceding paragraph, and the recommendations of the Planning Board have been reported to the Town Meeting, or twenty days have elapsed after such hearing without a submission of a report of its recommendations by the Planning Board to the Town Meeting; and no amendment, modification or repeal of this by-law shall be made except by two-thirds vote of a town meeting.

4. No proposed amendment to this by-law which has been unfavorably acted upon by the Town Meeting shall be considered on its merits within two years after the date of such unfavorable action unless the adoption of such an amendment is recommended in the final report of the Planning Board required by Section 27 to 27A of Chapter 40 of the General Laws.

2. If any building existing at the time this by-law takes effect is then legally used in whole or in part for a purpose for which a new building may not be constructed or used under the provisions of this by-law, this by-law shall not prohibit the changing of such use of such building or part to a use which is not substantially different from the existing use, provided the building is not altered structurally and provided further that the new use is not prohibited in the most restricted zone in which the present use would be permitted. However, no non-conforming use which is changed to a conforming use shall be permitted to revert to a non-conforming use.

3. Any building or part of a building which, at the time of the adoption of this amendment, is being legally put to a use not conforming with the regulations of the district in which it is situated may continue to be used for the same purpose or for purposes not substantially different, and may be repaired; but no such building, if destroyed to the extent of 75% of its value above the foundation, shall be rebuilt for non-conforming use, nor shall such building, if destroyed to the extent of 25% of its value above the foundation, be rebuilt for non-conforming use except by permission of the Zoning Board of Appeals. No sod, loam, sand, gravel or quarry stone shall be removed for sale (except when incidental to and in conformity with the construction of a building for which a permit has been issued in accordance with the Building Laws,) except by permission of the Zoning Board of Appeals, such permission being obtained in accordance with the procedure provided in Section 4 and only when such permission would be in harmony with the general purpose and intent of this by-law and under such conditions as the Zoning Board of Appeals may impose. However, nothing contained in this section, or any amendment thereof, shall prevent the continued use of any land for the purpose for which it is legally being used at the time this section or any amendment thereof takes effect, except that a non-conforming use of land which is operating under a temporary permit issued by the Board of Selectmen, shall not be allowed to continue beyond the date of termination of such permit.

A CONFIDENTIAL REPORT TO THE WOMEN OF ARLINGTON

From the Recruiting WACS

You have heard on the radio, you have heard in the newspapers—you have heard by word and mouth—that the Women of America are doing their utmost to help in the War Effort. This is not to the woman who is really ineligible for the Women's Army Corps, BUT to the woman who can lay aside her present position, her duties to the community and her tasks at home. We would like each and every one of you to consider these facts.

You have read the cold sober figures of battle casualties—662,399 up to January 7, 1945—you have either read or heard of the thousands of husbands, brothers and sons recuperating in Army hospitals and you have heard of the WAC Medical Technicians under professional supervision of Army doctors and nurses, aiding in the care of these wounded men. Have you stopped to think that of all the needs in the country today, this is among the most urgent?

We of the Arlington WAC Recruiting Station would like to explain just what we are recruiting for at this time—8,000 WACs are to be recruited alone for the Medical Units, each of which has a unit of 100 WACs to every thousand beds in Army General Hospitals. The figure is large but when you stop to think of the casualties, it is very small. Any woman, aged 20 to 49 inclusive may apply. Previous hospital training is not necessary. If you have two years of high school, or the equivalent, the Army will train you as a medical or surgical technician.

Never in the world was a woman's war job more clearly defined, more obvious, to be able to assist in comforting our wounded heroes—in easing their pain—in speeding their recovery. It is an honor, a privilege, an experience, for a woman to cherish for ever. Won't you stop and think—what is the best way I can help my husband, my son, my brother? By joining the Women's Army Corps, you are preserving the future of American citizens.

"BROTHERS TOGETHER"

Perhaps not everyone realizes what a great world asset has developed from the Boy Scout Movement. The problems that will face the democratic nations in the post-war world will be not merely economic. They will be psychological as well. Whole countries will have to develop new habits of thinking and foster a spirit of cooperation with each other based on mutual tolerance and respect.

Around the world the Scout Movement for over three decades has proved to be an effective means of building understanding and good-will among youth. Before the war the world Scout membership numbered more than three millions. Over seventy lands had Boy Scouts, all with the same ideals and enjoying practically the same program. Their regularly scheduled world jamborees or camps brought together every four years 25,000 and 50,000 boys from all over the world. The International friendships formed by these boys have spread in ever widening circles.

Both Mussolini and Hitler feared the power of Scouting and abolished the Scout organizations in their countries in favor of their own heel-clicking, hate-fostering youth programs. In the invaded countries they have persecuted Scouts with special vindictiveness. But Scouts met in secret and kept in touch with each other through the International Scout Bureau in London. They are prepared to take up where they left off as each country is liberated.

Now the Boy Scouts of America in observing their 35th Anniversary takes the theme "Scouts of the World—Brothers Together". The principles engendered by the Boy Scout Program have the chance to be one of the strong links in universal world peace.

Arlington in Review

From the Files of the Arlington Advocate

IN 1875
70 YEARS AGO THIS WEEK

Sociable.—Another of those very pleasant and enjoyable bi-monthly sociables, held by the Unitarian Church, occurred last Tuesday evening, in the church parlors, and was very fully attended. Some caricatures and crayon sketches by Master Willie Schouler, created a great deal of sport.

January Thaw.—The long threatened and expected thaw has come at last and the danger of an immediate water famine is over in our large cities at least. Under the influence of the warm south wind and soaking rain, the recent snow falls disappeared like magic, but the hard frozen foundation of ice still remains and the sleighing in the country is good.

The ice season is over with us, or nearly so. Nearly one hundred thousand tons have been harvested, of a quality seldom equalled. Coolers ought to be cheap next summer.

IN 1895

50 YEARS AGO THIS WEEK

The fine estate on Mystic Street known as "The Pines", never presented a more imposing and attractive appearance than on Tuesday evening, when it held out a warm welcome to a host of friends who braved the intense cold to be present at the brilliant social occasion of which the mansion was the scene. The interesting event celebrated was the marriage of the eldest daughter of Mr. and Mrs. Edward W. Spurr, Miss Mary Evangeline, to Mr. William Proctor, Jr., only son of Mr. and Mrs. William Proctor of Arlington.

The Wide-Awake Lend-A-Hand Club celebrated the fourth anniversary of its organization on Monday afternoon at the residence of Mrs. Samuel A. Fowle, Jr., on Moore place.

Of all the large parties held in Arlington in recent years, nothing has equalled the "crush" at the first annual ball under the management of Arlington's police force held on the evening of February 5.

The Tip-Top Whist Club met at the home of Mr. and Mrs. Harlan Bean. The first prizes were captured by Mr. W. B. Farmer and Mrs. Kendall and the second prizes were awarded to Mr. E. P. White and Mrs. Lawrence.

IN 1920

25 YEARS AGO THIS WEEK

A well attended meeting of the Associated Charities was held on Friday morning at the home of Mrs. Roscoe R. Perry on Bartlett avenue. It was learned with deepest regret that Mrs. Charles A. Thomas felt she must retire from the presidency. Mrs. Perry was unanimously elected to that office.

Miss Caroline Gordon was hostess at an informal dance at her home on Bartlett avenue, last Friday evening when ten couples enjoyed her hospitality. Many favors were presented and Miss Katherine Hunt and Mr. Robert Smith were awarded the prize for the most graceful dancers.

They didn't see each other since 1940 but when they matched their faces they discovered that they had at one place put out his and touched Fred—yet either knew it. Fred was in the 8th day action and has many stories to tell. They have three brothers in the service—First Lieut. John, who is fighting on the Burma Road; Cpl.  of 15 Westmoreland avenue was pictured in Friday's Boston Herald reading his pile of letters in the Chelsea Naval Hospital. He didn't get any from Arlington his friends can visit him—so a buddy asked his girl in Philadelphia to do something about it.

"Mud, rain and a rapidly rising river" did not prevent Sgt. Robert F. Romano, of 314 Forest street, Arlington, and his fellow soldiers from completing a 200-foot span of open telephone wire across the Seine River in France in the record time of three days," says George E. McKinnon in the Boston Globe. "This span, part of the communications system set up along the route of the American Army pipeline in France, completed the longest Army telephone line constructed by a signal unit. Sgt. Romano and his teammates erected two 40-foot H-frame telephone poles on both banks of the river. Working in mud against the rain-swelled Seine, Romano successfully maneuvered construction vehicles to erect quick hoisting of a 400-lb. crossarm. When rising water washed away original pole markings, Romano had to back up shore 85 feet, dig new holes, and sink the poles and anchors before river conditions would have made the task impossible. The hard-working men were commended by their commanding officer."

A Letter to the Citizens of Arlington

I wish to express publicly my endorsement of Robert L. Moore as a candidate for representative in the Legislature from Arlington.

It is universally agreed that the immediate sessions of the Legislature will be, perhaps the most important in our state's history. Problems of great consequence, affecting the lives of our citizens for many years to come, will confront the members of the Legislature. The expenditure of public funds will surpass anything we have encountered heretofore.

Improved highway systems, expanded civilian airplane transportation, jobs for our returning veterans—these are but a few of the many problems clamoring for attention and solution in the near future.

For these reasons it is of vital importance that we have in the Legislature men of vision, men of practical business experience, with a knowledge of municipal and state government—men with a fervent desire to restore the principles of private initiative and free enterprise, the foundation stones of our national progress and advancement in the past.

Robert L. Moore is a man of practical business experience, who for many years has successfully managed extensive real estate holdings and who has founded and operates what is now a successful oil business. He is the son of Mr. Ernest Moore, prominent in business and financial affairs in Arlington all his life, as was his father before him. His uncle, Clarence A. Moore, was a member of the Board of Public Works and the Board of Assessors. With such a background it is only natural that he should, early in life, adapt himself to a business career.

Bob Moore is a man of vision. He has been a leader in many civic enterprises, all of which have tended to make Arlington a better place in which to live. He has had plenty of executive experience. Not only does he own and operate his own business but he has been Chairman of the Arlington Community Fund Drive, a charter member of the Arlington Auxiliary Police, and Past President for the last five years of the Arlington Boys' Club, Inc.

Bob Moore has had plenty of experience in town affairs. He has been a Town Meeting Member for ten years. For three years he has been a member of the Finance Committee, a fine training school in municipal finances. He has also served as Vice-Chairman of the Finance Committee. He was educated in the Arlington schools, Williston Academy and Colgate University.

In view of all these facts it is my opinion that Robert L. Moore is well and amply qualified to sit in the Massachusetts Legislature as the representative of the Town of Arlington. I shall vote for him, and I urge all my friends, who are interested in obtaining sound and efficient state government, to vote for him also.

Very truly yours,
 JACOB BITZER.

GIRLS' SERVICE CLUB

At a meeting held at the Old Mill last week, Miss Betty Hopkins was elected president of the Arlington Girls' Service Club to succeed Mrs. Cyril Myatt (Ann Crocco), who resigned after three years in office. Mrs. Myatt was founder of the club and it was largely through her efforts that it became so successful. Miss Hopkins was secretary and has been active in the U.S.O.

Tells Grange of Need for 4-H Leaders

Henry E. Keenan, leader in 4-H Club work in Arlington, was guest speaker before the Metropolitan Pomona Grange of Somerville last Saturday evening in Odd Fellows Hall. This is one of a series of talks being given by Mr. Keenan in Metropolitan Boston before local organizations on the need of more 4-H leaders in communities to instruct boys and girls in the culture and care of Victory Gardens.

Mr. Keenan stressed the recent request of President Roosevelt to raise more food for 1945. The activities of the Arlington 4-H Clubs and their accomplishments in 1944 was well presented and also that this movement is sponsored and supported by the three local service clubs—Rotary, Kiwanis and Lions. The speaker said that service clubs in all communities would undoubtedly get behind 4-H Leaders if these would urge the need for this national movement for 4-H Club work.

PHILIPPINE LIBERATION BRINGS JOY TO ARLINGTON

(Continued from Page 1)

Lieutenant Spofford in describing the action, "when I spotted an Oscar flying slightly below me to the right. I called him in to the rest of the flight and started a shallow dive after him. He didn't see me as I pulled directly behind him and started to close. I held my fire till I couldn't miss. I opened fire at 100 yards and his tail section started falling apart. I could see my cannon shells bursting in his engine and cockpit area. The Oscar flamed for a minute and then went into an uncontrollable dive, smoking badly. I saw him explode on the ground. A couple minutes later another Oscar started a head on pass at us from above. My wing man and I fired a burst which knocked a big piece of the bottom of his plane. My wingman thought it was his wheel. Lieut. Spofford is the son of Mr. and Mrs. Carl S. Spofford of 69 Crescent Hill avenue. His wife, Willie, and baby son, Wayne, live at the same address. Following graduation from Arlington High School in 1943, Lieut. Spofford was employed in the offices of the Pittsburgh Plate Glass Company of Boston. Dedication of the Oscar was to son Wayne, born after he left for the Pacific theater.

In Luzon Beach Party

A hostile surf rather than enemy gunfire provided Coast Guardsman George E. Alden, Signalman 2/c, Pfc. 19 Churchill avenue and his fellow beach party members with opposition when they went ashore in Lingayen Gulf on D-Day. Evacuation of the Japs eliminated the danger of bringing supplies ashore. But a flat shelf plus high breakers forced Coast Guard landing barge coxswains to call upon all their small boat skill to bring personnel and supplies in quickly and pull out promptly.

which he was able to throw a hand grenade, killing the crew and knocking out the position. His resourceful action and quick-thinking resulted in 150 of the enemy being killed, wounded or captured.
